Pastilhas de Freio ATE PremiumOne®

A ATE, marca do grupo Continental, líder mundial no fornecimento de sistemas de freios automotivos, lança a linha de Pastilhas de Freio.

As Pastilhas de Freio **ATE PremiumOne®** são projetadas por engenheiros de equipamentos originais, assim é a substituição perfeita para cada aplicação. A tecnologia investida em um projeto Premium garante o encaixe perfeito, propiciam o melhor desempenho, a redução de ruídos e também a maior durabilidade.

As Pastilhas **ATE PremiumOne®** são atestadas pelo Inmetro, para receber este certificado, as peças passam pelos mais rigorosos testes, garantindo ao consumidor o máximo em segurança e qualidade. A Linha conta com uma vasta gama e atende a aplicação da maioria dos veículos nacionais e importados que circulam no país.

Entenda o produto:

As pastilhas de freio são responsáveis pelo atrito que diminui a velocidade da roda do veículo, quando o freio é acionado em sistemas de freio a disco.

As pastilhas são constituídas basicamente de uma placa metálica coberta por uma camada de uma massa composta por uma mistura de materiais orgânicos e metálicos. É montada no cavalete de freio e fica com a área de atrito quase em contato com o disco de freio. Quando o pedal de freio é acionado, a pressão hidráulica gerada no cilindro mestre chega ao cavalete de freio e desloca seu êmbolo, empurrando a pastilha contra o disco de freio e gerando o atrito necessário para frear o veículo.

Tecnologia inovadora. Qualidade atestada pelo Inmetro.

Não fique na dúvida na hora de comprar a sua pastilha de freio, escolha a que oferece a qualidade original. Solicite **ATE PremiumOne®**.
